

Discovery Bible Clubs

...a children's ministry with a purpose!

Discovery Bible Clubs (grades K-6) is a Bible based ministry where children will learn about Bible truths and character-building. DBC is divided into four sections. First, the children enjoy singing fun songs that talk about the Lord and living for Him. The next two segments are game time and club time. During club time the children work in their individual club manuals consisting of pages that teach Bible precepts and principles. Awards are earned as club manuals are completed (3 manuals per year). Awards are also earned for faithful attendance to DBCs and Sunday School, and bringing first-time visitors as well. During game time the children play exciting games such as relay races and dodgeball. The last segment is the assembly time in the church auditorium. During assembly time our Children's Ministry Director does sword drills with the children as he gives a challenging devotion from the Bible.

We provide a safe environment for children to have fun, make new friends, and learn the Bible. DBCs is held at the church with children being in the presence of two or more trained adults with other children at all times.

ProTeens

...a youth ministry with a purpose!

ProTeens is a youth program for young people (grades 7-12) which provides opportunity for personal and group Bible study and encourages participation in Christian service in the church. This fun, yet purposeful weekly youth meeting creates a visitor-friendly atmosphere with the purpose of teaching young people Bible precepts and principles that will influence them in a positive way, as they navigate on their journey through the teen years.

Each week our Youth Director, along with his wife, leads the youth in a group Bible study from a club manual. Each young person can accumulate points for weekly club participation, completing individual manuals, memorizing Bible verses, taking sermon notes, and bringing guests to ProTeens and Sunday School. Each week there is a Bible lesson geared to youth and an activity time playing fun games such as Guesstures and Catch Phrase.

Also, the youth are divided into two groups that compete against each other weekly during the sessions, gathering points. This encourages participation and team work and is an exciting part of the ProTeen experience.

CrossWalk

**TRAINING FOR TOMORROW -
SERVING CHRIST TODAY**

CrossWalk is our college & career group (from post-high school through age 29).

This group provides an identity for older young people and young adults, and focuses on helping them thrive through the "testing of their faith" that is so prevalent during these years. It is a bridge into adulthood that keeps these young lives connected to their "group" rather than disconnected after high school. CrossWalk is made up of bright, enthusiastic, young men and women who desire to be equipped for serving the Lord. Aside from Sunday School, this group meets on Thursday nights (during the school year) where they relax, after a busy day, for fellowship and Bible study on key topics that will strengthen their walk with Christ. They also get together at various times for fun and fellowship.

With weekly fellowship and regular activities with our pastor and his wife, the CrossWalk group gives young adults the opportunity to grow together as believers in Christ.
